

Safety Tip of the Week

Leave Fireworks to the Experts

In 2019, eight people died and over 12,000 were injured badly enough to require medical treatment after fireworks-related incidents. Of these, 50% of the injuries were to children and young adults under age 20.

The only safe way to view fireworks is to attend a professional show.

If You Choose to Use Legal Fireworks:

If consumer fireworks are legal to buy where you live and you choose to use them, be sure to follow the following safety tips:

- Never allow young children to handle fireworks.
- Older children should use them only under close adult supervision.
- Never use fireworks while impaired by drugs or alcohol.
- Anyone using fireworks or standing nearby should wear protective eyewear.
- Never hold lighted fireworks in your hands.
- Never light them indoors.
- Only use them away from people, houses, pets, and flammable material.
- Never point or throw fireworks at another person or a pet.
- Only light one device at a time and maintain a safe distance after lighting.
- Never ignite devices in a container.
- Do not try to re-light or handle malfunctioning fireworks.
- Soak both spent and unused fireworks in water for a few hours before discarding.
- Keep a bucket of water nearby to fully extinguish fireworks that don't go off or in case of fire.
- Never use illegal fireworks.

STAY ALERT...DON'T GET HURT!!
